1. Account information

E-mail ⓘ
Your email address will become your IBMid, which you'll use to log into IBM.com.

Email is required

First name

Last name

First Name is required Last Name is required

Password

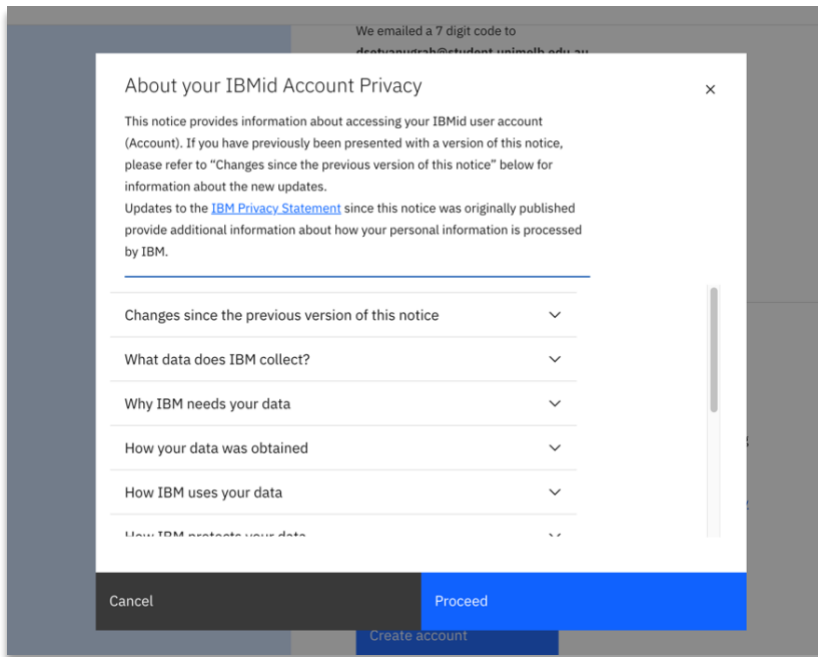

- 8 characters minimum - One uppercase character
- One lowercase character - One number

Country or region of residence:

State or province:

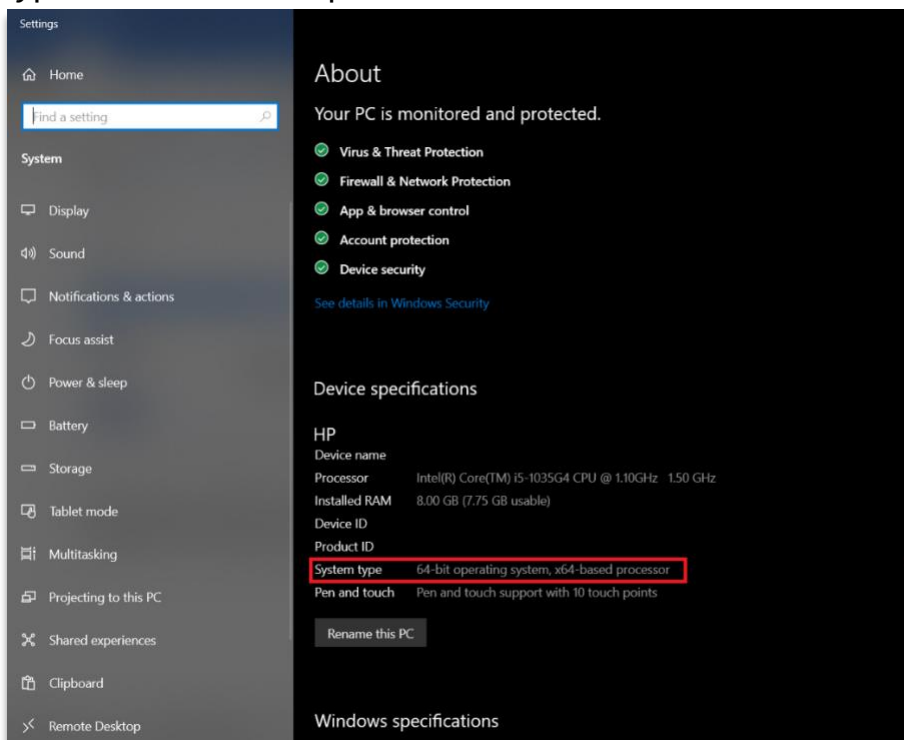

2. Check your university email and copy the 7-digit code in the “Verification token” box.

3. Click **Create account** then **Proceed**.

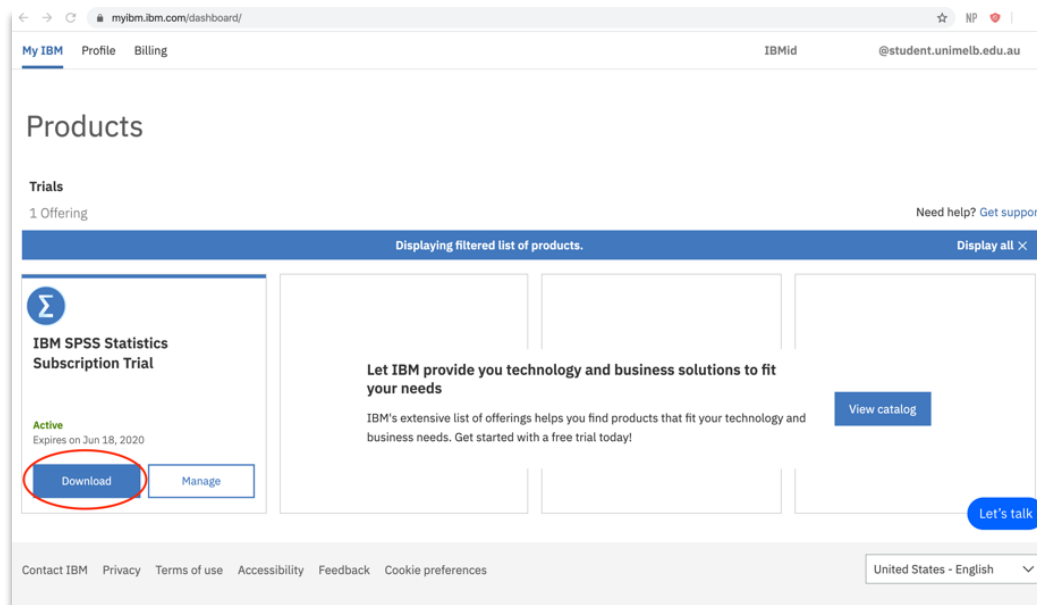

Installation

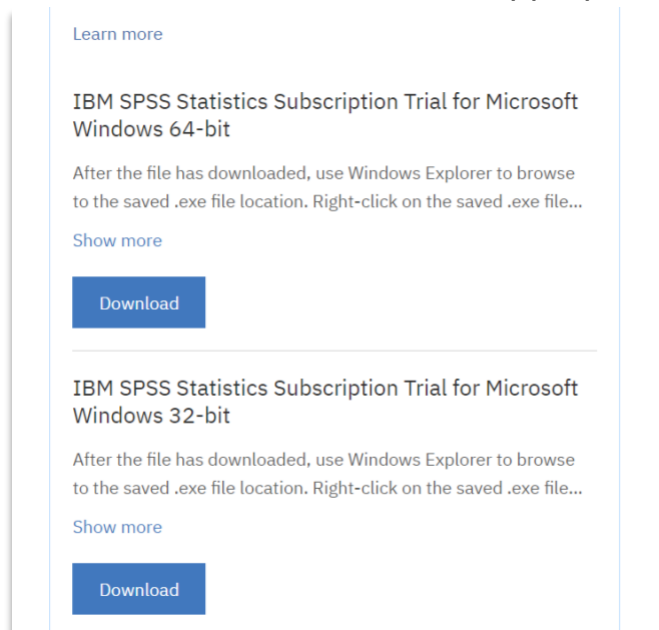

1. Verify if you have a 64-bit or 32-bit operating system. To check, search "About your PC" in the start menu. Scroll down to check your System Type under "Device Specifications".

2. On the [My IBM dashboard](#), download SPSS by clicking the **Download** button.

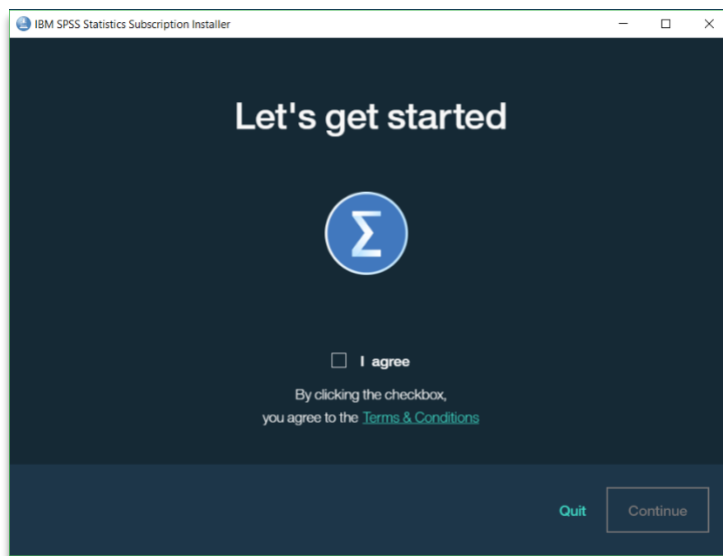

3. Click **Download** for the version appropriate to your operating system.

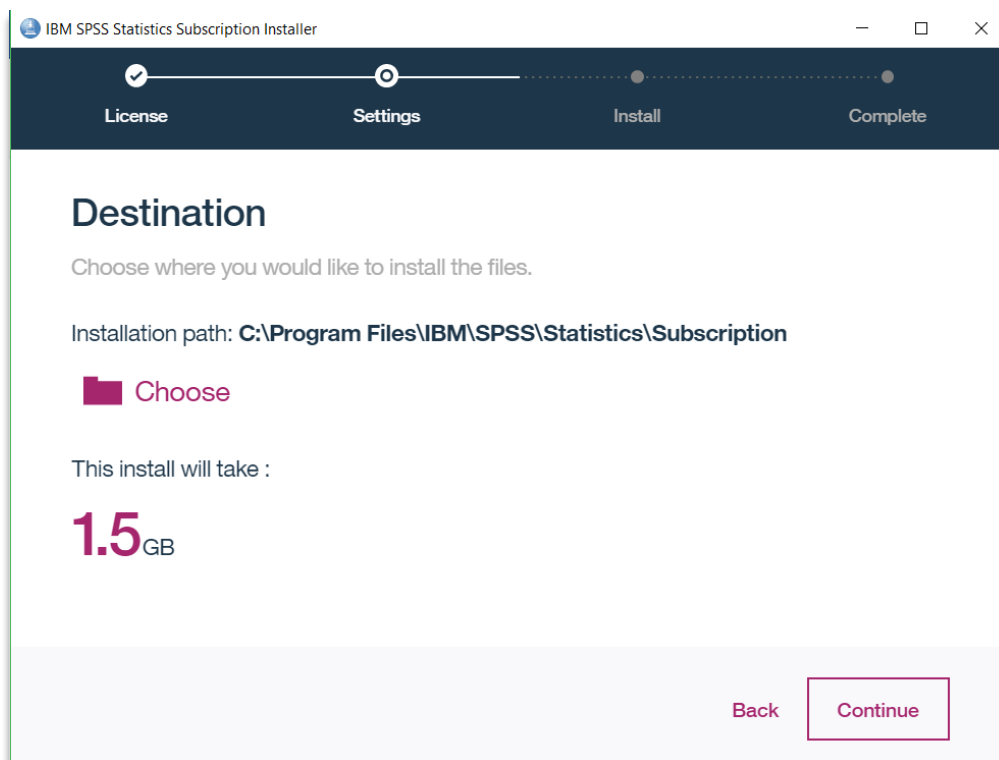

4. Open the installation file.

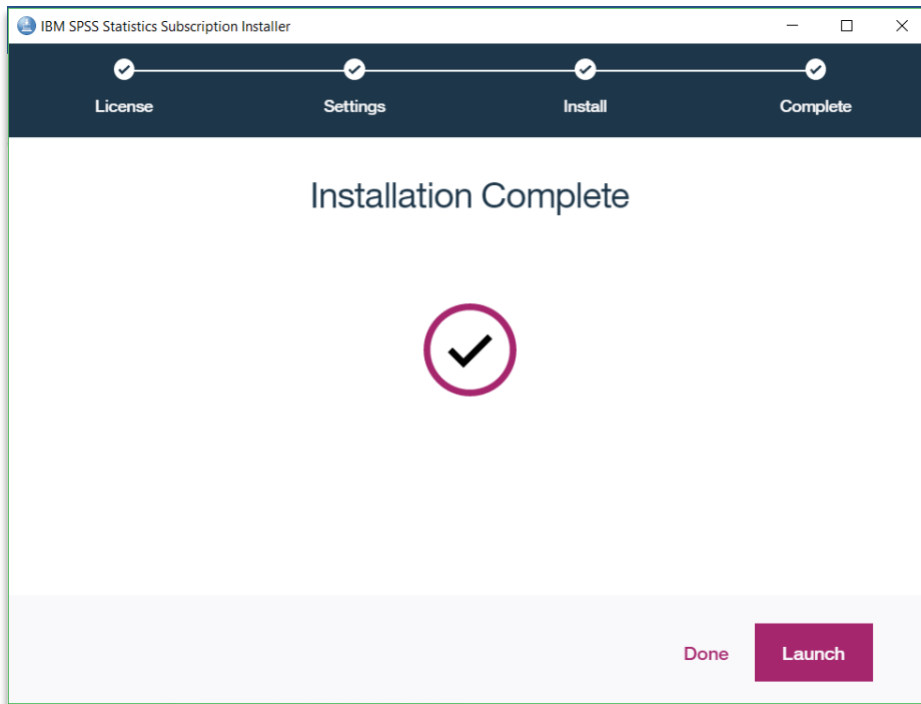

5. Check the box next to “I agree” to accept the terms and conditions, then click **Continue**.

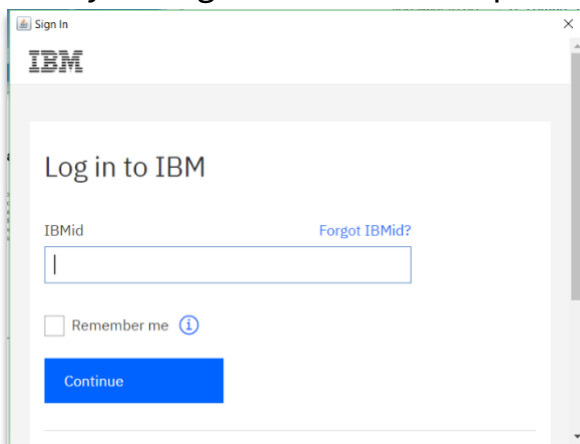

6. Choose desired installation folder, or leave as default and click **Continue**.

7. When the installation has finished, click **Launch** to start the application.

8. Enter your registered email and password to log in.

9. Click **Allow access**.

10. Now you can run SPSS on your windows device.
